Sonoma Girl Has Dangerous Character Arrested For Threats

Child Run Over By Family Car Dies Of Injuries Sustained

MISS CATHERINE LAURENZI SWEARS OUT WARRANT

Bill Groves, An Ex-Convict, Is Jailed After Alleged Threat to Kill Daughter of Well Known Family.

The kind heart of a Sonoma girl who listened to the tale of woe of an itinerant "down-and-out" who was temporarily domiciled at a neighboring house caused Catherine Laurenzi a lot of trouble and led to the arrest this week of one Bill Groves, whom she befriended. Groves is accused of carrying a concealed weapon and is alleged to have threatened the life of Miss Laurenzi. He is now in jail awaiting his preliminary examination. His bail was fixed at \$1000.

Groves had been making his headquarters at the home of Mr. and Mrs. Charles Higgins, colored folks, of Spain street and one day accosted Miss Laurenzi, asking her for work. He told such a hard luck story that she agreed to let him do chores around the house during the illness of her father. He made himself quite useful and received small compensation in addition to his board, but finally made himself obnoxious by his familiarity and by his attitude toward T. Francheski, a boarder at the Laurenzi home. He is alleged to have attacked Francheski with a hatchet and one evening later while Miss Laurenzi was preparing dinner he walked into the house and flourished a big revolver, threatening to kill the Sonoma girl. He was ordered from the house and Sheriff Ryan summoned.

Ryan and his deputy, Emmet Mullen, armed with a warrant for Groves' arrest, went to the Higgins home and found their man there. While Mullen guarded the prisoner, Sheriff Ryan went into his room and uncovered the big .38 calibre revolver which he had concealed under his pillow. Groves was then taken to Santa Rosa and lodged in the county jail.

The sheriff then stated that Groves was a bad man, a two term convict and as an ex-con will be charged with carrying firearms, which is a felony. He one time escaped from former deputy sheriff Robinson who was bringing him to Sonoma county from the south on a previous charge. The prisoner is said to be a half breed Mexican and negro and had been in this vicinity for the past month.

WANTS POSSESSION OF LAND AND \$1000

As an aftermath of the Watt-Copeland case, decided in favor of the defendant, Miss Octavia Copeland, her attorneys have filed a new civil action asking that she be put in possession of her half of the 18 acre orchard and be compensated in the amount of \$1000 which she alleges is due her as profits and rental since December, 1924, when she was deeded the property by her deceased cousin, Sarah Ellen Watt.

A grass fire near the Ralph Hotz home caused much excitement Tuesday and brought out the fire department. The blaze was extinguished before any damage was done.

Honeymoon Halted By Speed Cops

Some one is always taking the joy out of life. Vision the bliss of two hearts that beat as one beating it as fast as a high power car can take one on the honeymoon and speed cops loom. Naturally, these honeymooners, married just a few minutes previous, came out of their blissful trance when pinched. Mr. and Mrs. Danieli, nee Larsen, whom Cupid had so recently enmeshed, were caught in the speed net last Saturday night and the horrid old traffic squad had no scruples, even when they discovered they were newlyweds. The groom was told to appear in court. "Court's my middle name," said the young husband, and the bride agreed.

SEIZED WINE GIVEN TO THE STATE HOME

If you were feeble minded and an inmate of the state institution at Eldridge you might be eligible for some good old wine. This week Judge Lester Small made an order turning over to the feeble minded home 10 barrels of Omar's delight, recently seized while being transported to San Francisco by A. LaRue. The wine was so good that it was held a crime to dump it, so inquiry was made by the Judge whether it might not be utilized as a tonic by the state institution located here. The federal authorities and the district attorney's office both agreed that it could be done and give their official sanction to the plan.

Deputy Sheriff Eberhardt, who is also connected with the State Home, took charge of the cargo and got an official receipt for it from Dr. Butler's office at Eldridge. Just how the 1900 feeble minded children will be given the vinous liquor or what class of patients will get it has not been announced, but undoubtedly beef, iron and wine will prove popular medicine at the big institution this winter and should prolong the lives and strength of the systems of the state charges.

Eldridge's impromptu vintage festival is due to the kind heart and thought of Sonoma's justice of the peace, who worked out the plan.

MRS. FRAHER HOSTESS TO JUNIOR BRIDGE CLUB

Mrs. F. J. Fraher was hostess at the Junior Bridge Club's luncheon this week. Favors and decorations were reflective of the Halloween season. After a dainty menu, bridge was in order and the scores revealed that Mrs. McGrath had first honors and Mrs. Dodge consolation.

UNDERWENT OPERATION

Temple Clewe, talented little son of Mr. and Mrs. Will Clewe, underwent an operation in San Francisco on last Saturday for appendicitis. The appendix was successfully removed and the young patient rallied so quickly that by Tuesday he was able to be up in a wheel chair at the hospital.

His mother has been with him during the trying ordeal.

Sonoma's New Fire Engine Does Fine Work At Ranch House Fire

Wednesday evening about 5 o'clock the Sonoma fire department was called to the Fox ranch two miles from town on the Vineburg highway where the residence was on fire. The new fire engine, driven by Jack Poulson, made a record run. The flames had already broken through the roof, evidently from a defective flue, and Fire Chief Valente, after trying the chemical and seeing that the fire was assuming serious proportions, decided to connect up the Seagrave's pump with a well of water. The first well proved too deep but a second afforded just the supply necessary and after connections were made, the engine threw a fine stream on the blaze and promptly put out the fire.

LAI'D TO REST WEDNESDAY

J. H. Cutter, of a prominent San Francisco family, and husband of Maria Vallejo Cutter, daughter of the late General M. G. Vallejo, passed away last Sunday in the metropolis and was buried here on Wednesday. His brother, Edward Cutter, accompanied the remains, together with the widow and children.

Mr. Cutter's marriage to the youngest daughter of the distinguished Californian was an event here in 1878, the wedding being solemnized at the Vallejo home, Lachryma Montis.

Two children, Alma and Leo, were born of the union and with the widow survive deceased. Mr. Cutter was 71 years of age.

St. Francis Bazaar and Entertainment Oct. 23, 24

The bazaar and entertainment to be given by St. Francis parish at Union Hall on Friday and Saturday evenings, October 23rd and 24th, promises to be one of the most interesting and successful affairs of the year. It will take the place of the old time Catholic fair and promises to eclipse all previous events of the kind.

The Young Ladies' Institute and the Young Men's Institute are assisting the good pastor, Rev. J. E. Byrne, in carrying out the bazaar details and arranging the splendid programs to be put on each evening. The proceeds of the bazaar and the money derived from the beautiful linen hope chest, which is to be awarded to some lucky ticket holder will be utilized for the parish debt, following a progressive period of building which has resulted in a magnificent new church and the remodeling of the convent into St. Francis hall.

Some of the features of the bazaar and ladies participating in the two evenings' festivities are as follows:

Country Store—Miss Sabina Sebastiani, chairman; Mrs. Anne Sullivan, Mrs. Celia Bancho, Mrs. D. Eraldi

ACCIDENTS THIS WEEK

Carl Dresel, Jr., little son of Mr. and Mrs. Otto Dresel of Broadway, met with a painful accident Saturday when he caught his hand in the wringer of a washing machine. As his mother's back was turned, the little fellow investigated the machine and as a result one of his hands was badly cut. The child was hurried to Burnside Hospital where an anesthetic was administered and Dr. McGrath took several stitches to close the wound.

Mrs. Rose Ann Schlachter, formerly of Boyes Springs but recently residing on Second street east, Sonoma, fell and broke her hip this week. The aged woman tripped on her long skirts and because of her advanced years the injury may be quite serious.

Martin Leixner of Fettes Springs had the misfortune to cut off his thumb while chopping wood. He was hurried to the office of Dr. McGrath who sewed the member on again and has hopes of saving it.

Zinfandel Grapes Skyrocket In The Eastern Markets

Zinfandel grapes from California, which since prohibition have paled into insignificance alongside of the aristocratic and more colorful Alicante, hit a skyrocket price in the Eastern market this season. Zinfandels have been bringing more money than Alicante. California growers attracted by the fancy price of Alicante, \$125 a ton, have been planting more and more of that variety and shipping them to the Atlantic Coast. Zinfandels were not good shippers this year due to mold and were scarce in the Eastern market. Eastern folks are learning more about grape juice every day, hence the belated appreciation of the Zinfandels.

WILLIAM CHURCH ASKS DIVORCE FROM WIFE

William Church of Embarcadero son of a pioneer family, his mother being among the first daughters to be born in Sonoma Valley, has filed suit for divorce from Jennie Maruccci Church, to whom he has been married many years, and by whom he has seven children. Church alleges in the papers filed by Attorney Churchill of Santa Rosa that his wife took too much interest in the comfort and well being of a neighbor whose wife had died and that when he objected to her attention to the widower, she refused to give up her friendship for the neighbor and continued to go around with him and referred to him in endearing terms.

At last, things became so unpleasant that they parted in September, 1925, Mrs. Church going to Oakland and taking with her all the family. Two of the children are working in that city. Church has secured a temporary injunction to prevent his wife from disposing of any community property which they own.

News of the domestic unpleasantness in the Church household has been current for some time past and is greatly regretted by friends of the couple. Mrs. Church was married when quite young, and was the daughter of the late A. Maruccci, a wealthy hotel man and land owner of the Shellville section.

Church is the second member of his family to be in the divorce courts of late, his sister, Mrs. Fred Schell, (Margaret Church), and husband having recently been divorced.

DEPUTY SHERIFF ARRESTS OFFENDER

John Woods, accused of disturbing the peace when he went to Eldridge and made trouble following a quarrel with his wife, was arrested by Deputy Sheriff Mullen at Verano one day this week. A warrant had been issued by Judge Leo Justi for Woods' arrest on complaint of officials of the State Home, where he was formerly employed. He pled not guilty and was let out on \$100 bail, furnished by relatives. At a subsequent hearing Woods was given a 60 day suspended sentence.

S. M. CAMBOU'S 18 MONTH OLD BABY FATALLY INJURED

Little Boy Playing Under Car Not Seen By Relative Until Machine Passed Over Him.

Jacques Cambou, 18 months old son of Mr. and Mrs. S. M. Cambou of Glen Ellen, was run over by an automobile Monday and some hours later died of injuries received at the Burnside Hospital.

The little fellow was playing in the path of a machine which was being driven from the yard by a relative of Mr. Cambou. The engine was started and even when the car struck the child the driver did not realize what had happened until cries of the family brought him back to the scene of the sad happening. The boy, unconscious from the accident, was rushed to the hospital at Vineburg, where Dr. McGrath made every effort to save the little life. Death came, however, after several hours of anxiety.

At the coroner's inquest Dr. Frank Phillips tenderly questioned the grieving relatives concerning the accident and a verdict was rendered in accordance with the facts.

Mr. and Mrs. Cambou have the sympathy of many friends in their sad bereavement.

The funeral was held in San Francisco, with interment at Holy Cross cemetery.

CONTRACTS AWARDED AT HIGH SCHOOL

The high school trustees have awarded the contracts for the new carpentry building to be built by the students on the high school grounds. The Mission Lumber Company of Sonoma, R. K. Weaver, manager, was a successful bidder at \$1710 on the lumber for the structure.

The cement contract went to L. H. Green for \$210.

MADE OFFICIAL VISIT

The Y. M. I. had an official visit last week from Grand President D. J. Lucey of San Francisco. The Young Ladies' Institute served a fine banquet in honor of the distinguished visitor, who highly complimented the Council on its good work.

Two Sonoma Valley friends later put up \$500 for bail and Norton was re-

SCHELLVILLE CLAIMS THE OLDEST MASON

Mont P. Akers, veteran Schellville postmaster, is believed to be the oldest Mason in Sonoma county, it has been learned. Akers was present at the initiation 56 years ago of William E. McConnell, who became at that time a member of Temple Lodge No. 14, F. and A. M., of Sonoma. McConnell was elected district attorney of Sonoma county 51 years ago. Both spent Sunday with her folks here.

Akers and McConnell still attend lodge and are active in Masonic affairs. S. R. Press Democrat.

PLAN RECEPTION TO MRS. SHEPARD

Theodore Roosevelt Post of the American Legion and its unit of the women's auxiliary at Santa Rosa sent telegrams of congratulation to Mrs. Eliza Shepard of Glen Ellen, member of the executive committee of the Santa Rosa auxiliary, who was elected national president of the American Legion Auxiliary at the Omaha convention. With the sending of the messages, plans were set in motion for a reception in honor of the new national president, to which, according to tentative plans, representatives of all the posts and auxiliary units in this district will be invited.

The date of the proposed reception will depend upon the return of Mrs. Shepard from the East. It is thought that she will go to national headquarters at Indianapolis and remain for some time. Much of her term of office will be spent in Indianapolis and in other cities of the East and Middle West, attending to auxiliary business.

The following telegram was sent to Mrs. Shepard by Carl A. Sawyer, Legion adjutant:

"Theodore Roosevelt Post of Santa Rosa congratulates you on your election as national president of the auxiliary and feels assured that you will uphold the best traditions of the Legion and Auxiliary. We are proud of you, comrade."

Mrs. Ann Daniels Hess, president of the Santa Rosa unit of the American Legion Auxiliary, sent the following message:

"We are overjoyed at the news of your election as national president. Congratulations and best wishes from your unit."

VISITING BARBER HELD ON CHECK CHARGES

Ben Norton, 49, a barber, was lodged in the county jail in default of \$500 bail, pending hearing on a charge of passing a check for which he had no funds in the bank. Norton, who is said to have passed five small checks, aggregating \$60, was arrested on complaint of A. M. Garavanta, El Verano, and was taken to the county jail by Deputy Sheriff Emmet Mullen.

GOVERNOR RICHARDSON'S CAUSTIC OPPONENT

Governor Richardson, who has given California the best and sanest administration in many years, but has incurred the lasting wrath of politicians of our former commission-ridden State, has an avowed enemy and opponent for office in C. C. Young, present Lieutenant-Governor. Young is the former team mate of Hiram Johnson and one of those sentimental idealists who cares nothing for the people's money so long as his ideal can be put into effect and a machine of uplifters greased for action. He is pathetically sincere and very religious, so his ideas are often zealously fanatical.

Governor Richardson, practical business man and former State treasurer, with no thought of the political recoil of his actions, lifted up the curtain and got the goods on a lot of California's uplifters whom he found to be drones and parasites of the most persistent type. He promptly had a good house cleaning, although he might have had a better, but he permitted conscientious employees of the State to remain though they have undermined him and caused trouble. Some of this ilk, together with all those who got the hook and a backing of frenzied sob sisters, want a new Governor.

Lieutenant-Governor Young has been importuned, he says, to be a candidate, and after flaying the Richardson administration, declares it is his duty to rescue California from its present political predicament. One of his caustic points of criticism is that the present Governor has crippled and curtailed education. It appears to us fortunate, very fortunate, that some one in power is holding a tight rein on educational expenditure. Governor Richardson thinks California taxpayers are paying too much and getting too little out of the immense sums spent for education. He is powerless to step in where the people continue to vote bonds, but wherever possible he has eliminated useless expense and experimentation, and given aid to really worthy departments of our educational system. He has not been one of those hypnotized by the word "education," knowing full well that real education is not a matter of lavishing money.

If the people want the State again run by crafty politicians masquerading as uplifters, want the old job-chasers in swivel chairs again, want half-baked sentimentalists saving hardened criminals from deserved punishment and rebuilding a colossal political machine by giving every hang-on in the State some kind of a job they will vote for some of the spellbinders out to defeat Governor Richardson. If the people, however, value a man who has had regard for their interests, who has watched the dollars, pruned needless expenditure, vetoed vicious legislation, refused to interfere when hardened criminals sought to escape their punishment and proved loyal to the good citizen and hard working taxpayer in the face of the worst abuse and vilification a yellow press dares hurl, they will see to it that Friend W. Richardson stays on the job at Sacramento.

The Rivers and Harbors Committee of Congress, recently in Sonoma County, praised Congressman Lea and admitted his prestige at the national capitol.

The man arrested on suspicion of being the "false teeth" burglar may be the victim of snap judgment.

With hair cut prices going up, the economist will soon have to copy Governor Richardson's hair cut.

Rum runners are to be equipped with radios. Loud speakers versus speak easies, perhaps.

JUDGE ROLFE THOMPSON DENOUNCES PAROLE

Judge Thompson has protested openly against the secret parole of desperate criminals from State prisons, and declares that the jurist who sentences these men and thinks they are to be punished, is made a fool of by the Prison Board system of clemency.

The Judge is right. There is too much politics and too much maudlin sentiment in dealing with prisoners. Almost every atrocious crime is committed by a paroled man and between the indeterminate sentence and the parole, we are no longer safe on the streets, in our homes or in our places of business. Convicts play the game so well that they figure out almost to the letter how their good conduct will

CELEBRATED THEIR 60th ANNIVERSARY

The following will be of interest to many old time Sonoma Valley people who knew Mr. and Mrs. Eli Sheppard owners of Madrone vineyards in the early eighties:

Surrounded by relatives and friends Mr. and Mrs. Eli T. Sheppard celebrated their 60th wedding anniversary Saturday, September 26, at the home of their daughter, Mrs. Sheldon Kellogg, in Oakland.

The affair was arranged by Mrs. Kellogg and a very unusual feature was that her sisters were also present and assisted in receiving. They are Mrs. George F. Brindley and Mrs. P. Lewis. Miss Louise Kellogg and Miss Evelyn Lewis, grand daughters of Mr. and Mrs. Sheppard, and the Misses Mabel Symmes, Eva Colby and Margaret Maxwell served tea.

In a room banked with beautiful flowers, Mr. and Mrs. Sheppard received congratulations and greeted dozens of friends, among them being members of the diplomatic service and noted educators and other prominent people in all walks of life.

Mr. Sheppard helped to make world history during his lifetime and numbered among his associates and his friends some of the most prominent officials and rulers in this country and the Orient as well as in other parts of the world.

Mrs. Sheppard by her gracious manner presided at many social functions in the past and their home was always a gathering place for notables.

Particularly pleasing words of congratulation came in the form of a poem, "Sixty Years Syne," from Professor Alexander McAdie, of Harvard Observatory, who was widely known as a United States Weather Bureau official in San Francisco several years ago.

Mr. and Mrs. Sheppard were married at Cadiz, Ohio, September 26, 1865. Not long after their wedding the couple left there to start life afresh in the Far East, where Mr. Sheppard was for 13 years actively employed in the consular and diplomatic service; first at Tientsin, China, as American consul, and afterwards, on the recommendation of General Grant, as diplomatic and legal adviser to the foreign office of government of Japan, at Tokio.

Mr. Sheppard is one of the oldest veterans of the Civil War and one of the few men now living who answered President Lincoln's first call for volunteers in 1861.

Mr. Sheppard was born near St. Clairsville, Ohio, in 1842. He began life as a teacher in the public schools of his native state. While teaching the "young Ohio how to shoot," Mr. Sheppard was diligently studying municipal and public law under the tutelage of Hon. John A. Bingham, with whom he afterwards became associated as partner in the practice of law. He was an honor graduate of the class of 1863, at the Ohio State and Union Law College, where he received his degree of bachelor of laws

win them freedom. Once out they are soon running true to form, coniving with other cut-throats and thieves to rob banks, enter homes, shoot down innocent protestants and generally terrorize the country.

Conditions will not grow better until we change the system and either abolish the indeterminate sentence of the Prison Board and make a ruling that no case of parole will be considered unless with the consent of the trial Judge.

Crime is running rampant in this country because too many criminals are running around loose. When the safety of society becomes the plea of the people and is as vehemently voiced as leniency for criminals, we may see an improvement. Pampering the criminals and salvaging "bad eggs" have gone far enough.

and was admitted to practice in all the courts of the United States.

Soon after his admission to the bar he received the appointment of U. S. register in bankruptcy, an office he afterwards resigned to accept an appointment offered him by President Grant in the consular service in China, March 10, 1869.

He also served as consul at Chin Kiang from Aug. 4, 1869, until May 30, 1871, at which time he was appointed consul at Tientsin, where he served continuously until September 30, 1876, when he resigned his office to accept the position of internal law adviser to the government of Japan, for which office he was recommended by President U. S. Grant and Secretary Fish.

From 1876 to 1881, Sheppard filled the office of chief adviser to the foreign office of Tokio, assisting and advising for the most part in the conduct of diplomatic intercourse between the Mikado's government and the nations of the Occident; under his direction a consular service, modeled after the modern European and American systems, was established by Japan.

LOWDEN TO SPEAK AT BIG DAIRY DINNER

Hon. Frank O. Lowden, war time governor of Illinois, and national figure in politics and agriculture, has accepted the invitation of the Pacific Slope Dairy Show to deliver the principal address at the annual dairy dinner in Oakland on Wednesday evening, November 18th, and will make a special trip for this purpose from his home in Oregon, Illinois. His acceptance is given in a telegram just received by Sam H. Greene, secretary of the show association.

In letters to Pacific Coast friends, Lowden has displayed the deepest interest in the progress that the Western dairy industry is making and, from afar, has watched with pleasure the success of the Pacific Slope Dairy Show from its start five years ago.

All the divisions of the dairy industry—breeder, producer, manufacturer distributor and others—have joined forces to make the Oakland show the largest and most complete exhibition of its kind the West has ever seen and the presence this year of Lowden and other national leaders of agriculture is taken to indicate the nation wide importance this annual event is now assuming.

POSTMASTER STOFEN IN OAKLAND

First and second class postmasters of California held a meeting in Oakland Saturday and Miss Meta Stofen of Sonoma, who attends all the meetings of this kind, was down for the sessions. She took such a keen interest in the problems discussed that she attracted the attention of the presiding officers and the Oakland postmaster.

Just at the close of the meeting John E. Connor, postmaster of Oakland, said: "Will the lady with the green hat please step to the desk."

Miss Stofen rose and walked to the front of the room and as she did so Connor presented her with a beautiful bouquet of flowers.

"I have watched you throughout the entire meeting and if you are as attentive to your duties as postmaster as you were to the proceedings here, I know you are a fine official."

Neither President Power or Mr. Connor knew Miss Stofen's name and they were introduced by Postmaster Mobley of Santa Rosa.

ENJOYED DUCK HUNT IN COLUSA COUNTY

Fred Hansen returned last Saturday from a most successful three days' duck hunt near Princeton, in Colusa county. Mr. Hansen was the guest of his friend, "Curly" Riley, who has control of a large acreage upon which there are a number of nice ponds. As soon as the rice is harvested a number of Sonoma hunters plan to enjoy a shoot there. Mr. Hansen brought home with him a nice bag of ducks.

FETTERS FOLKS ARE GIVEN FAREWELL

Last Monday evening a jolly farewell party was given genial Charley Miller, of Feters bath house, and Frank, the banjo player, who were taking their departure from Feters at the close of the 1925 season. The party was given at the Sonoma Valley Improvement Club house and was arranged by L. L. Jones, Charles Perkins, Mrs. J. Bolin, Mrs. Zwickl and Mrs. Cazes, who provided a fine evening for all who attended. There were 16 hands of whist and 11 tables of players participated.

At the conclusion of the card game there was dancing, speech making and feasting. The good eats were par excellence and between festivities speeches by the guests of honor and Mr. Perkins enlivened the evening.

The community voiced its regret at losing such good scouts as Charley and Frank and wished them well and an early return to Sonoma Valley.

HARVEST FESTIVAL SUCCESS

The M. E. Ladies' Aid Society had one of the most successful harvest festivals and suppers of recent years at the M. E. church on Friday night of last week. Over \$200 was cleared by their good work.

The church parlors were decorated in autumn leaves and flowers, and produce, home cooking and fancy work tastefully displayed found ready sale. The dinner served by the good cooks of the church did a land office business and everyone praised the bountiful menu.

TUNNEL IN USE AGAIN

Direct freight traffic between San Francisco and Santa Rosa and other points along the N. W. P. railroad has been resumed after 10 days interruption, owing to the blocked tunnel on the Tiburon line at Reed's station.

During the time the tunnel was out of commission freight out of San Francisco was sent by barge to Richmond by the Sante Fe and there turned over to the Southern Pacific for delivery to the N. W. P. at Schellville, from where it was taken through Ignacio to main line points. This required about 48 hours to land freight from San Francisco in Santa Rosa, as compared to 10 to 12 hours under normal conditions.

Mrs. J. Goerl is spending the week at Alameda, where she has property interests.

RECEPTION TO NEWLY WEDS AT SGANZINI RANCH

The homecoming of Adolph Sganzini and bride to the Sganzini ranch Monday evening was the occasion of a big reception to the newlyweds. The friends of C. Sganzini, prominent dairyman, and his son and charming wife were on hand to extend cordial congratulations and greetings to the young couple who are to make their home here. About 75 young folks and their elders participated in the good time, enjoyed dancing, games and feasting in honor of the event.

The commodious residence erected by the late A. W. Lehrke, formerly owner of the Sganzini ranch, is ideal for entertaining and with the spacious verandas was the scene of continuous merrymaking. Dancing to the Ben Meyer three piece orchestra was the principal enjoyment, and old fashioned games also made quite a hit.

At midnight a buffet supper was served to which all did ample justice. Adolph Sganzini, who has been employed at Petaluma, will now engage in the dairy business with his father and with his wife will make their home in the big house.

The bride is a popular and highly esteemed Petaluma girl, only daughter of Mr. and Mrs. George Perry of that city. An account of the wedding, as reported by a Petaluma paper was as follows:

Miss Annie Perry became the bride of Adolph Sganzini at a quiet wedding which took place at noon at the St. Vincent church. The ceremony was performed by Rev. Father Kiely.

Miss Perry, a very attractive young woman, of the brunette type, was a picture in apricot crepe de chine and wore a hat of the same shade. A corsage bouquet of roses were the only flowers worn.

Miss Elvezia, sister of the groom, was bridesmaid. She wore a blue crepe de chine gown and carried a bouquet of delicately shaded pink roses. Manuel Perry, brother of the bride, was best man.

After the ceremony the bridal party left for the home of the bride's relatives, Mr. and Mrs. George Perry, where a wedding breakfast was served. They left for San Jose where they will spend their honeymoon and on their return will make their home in Sonoma where Mr. Sganzini is associated with his father in business.

The fair bride is a sister of Manuel and Will Perry.

Mr. Sganzini is the son of Charles Sganzini and brother of Adilio and Elvezia and Mary Sganzini.

SOCIALISTS ORGANIZE

Emil Herman of Seattle, district organizer for the Socialist party, is in Petaluma and met with local Socialists and their friends there to organize a branch of the party in that city.

Herman announces that intensive organization work is now being done by the Socialist party, with a view to the waging of an effective political and educational campaign in the congressional and state elections next year. One of the big things being done is to publish a great national weekly, to be known as the American Appeal, of which E. V. Debs is to be editor, and which will make its appearance January 1st.

GOING TO EUROPE

Mrs. William Steinkamp and daughter, Miss Anna, of Sonoma Vista, will leave the coming week for a trip to Europe. They will sail on the steamer "Canada" and expect to be away until next May. Mrs. Steinkamp will visit her mother, sisters and brothers whom she has not seen for 17 years.

The travelers will be wished a pleasant journey and safe return by their many Sonoma Valley friends.

A CORRECTION

The Jersey bull donated to the Glen Ellen Fire Department recently and awarded to a Santa Rosa man was the gift of Chas. Bryant and not of the London ranch, as stated in the Index-Tribune last week. The London ranch gave the Duroc pig.

PROTESTS SEWER FARM CONDITION

Aroused at the recent work done at the sewer farm by the City of Sonoma, which has penetrated the gravel formation of the land in order to try to get proper drainage for the overflow from the septic tank the Sonoma Valley Grange, No. 407, has forwarded a protest to the State Board of Health.

At the regular meeting of the Grange October 12th, the following resolutions were adopted and forwarded to the Board of Health:

Whereas, the sewer farm maintained by the City of Sonoma, Sonoma County, California, is located in a fairly populous district of small farms and

Whereas, the stench arising from said sewer farm is often very obnoxious to nearby residents, and

Whereas, the overflow from said farm goes into Nathanson creek, thus polluting its water from which different farmers' cows and horses drink, and

Whereas, the City of Sonoma has recently bored a well approximately 32 feet deep on said sewer farm and has turned the sewer water in said well in the effort to run this water into underground channels, and

Whereas, we greatly fear this will endanger the purity of the water in wells over a large area, said wells being the only source of domestic water for a large number of people, and

Whereas, due to the above mentioned conditions said sewer farm has become a public nuisance, and

Whereas, the State Board of Health has already given the City of Sonoma orders to carry the outflow from said sewer farm to tidewater; therefore be it

Resolved, by Sonoma Valley Grange No. 407, Patrons of Husbandry, in regular meeting assembled on October 12, 1925, that we respectfully request the State Board of Health to use every means in its power to compel the City of Sonoma to make proper disposal of its sewage and in particular to restrain said city from turning said sewage in the underground channels.

Sonoma Valley Grange,
By Eunice L. Peterson,
Secretary.

WILLIAM VESTAL CLAIMS BRIDE

William Vestal, former owner of the Cash and Carry Fruit Market and previous to that a prominent orchardist of Buena Vista, has taken a bride and Sonoma Valley friends will join in congratulating the genial Bill and wish Mr. and Mrs. Vestal every happiness. A Santa Rosa paper says:

Mr. and Mrs. William Vestal have returned from their wedding tour in the southern part of the state and are now at the home of Mr. Vestal's mother, Mrs. Lemuel Vestal. The marriage took place in Modesto, September 27th, at the home of the bride's brother, Fred Marshall.

A lovely setting of flowers and wedding bells was arranged for the nuptials. Rev. Howe of the Baptist church read the service in the presence of a small group of friends and relatives. After the wedding dinner the bride and groom departed for Southern California, where they visited Los Angeles, San Diego, Tijuana and other points.

The bride was formerly Mrs. Cecelia Hagen of Oakland. Mr. Vestal is a brother of Mrs. W. Hall of San Francisco, and Warren Vestal, of Santa Rosa. For the present they will make their home in Santa Rosa.

FINE HOME NEARLY READY.

Work is now nearing completion on A. Sartori's modern 12 room house on the Lakeville highway. This building is one of the largest and most complete homes built in this vicinity this year. Not only has the home 12 rooms, but all rooms are unusually large. The living room is 14x28 feet with a large, old fashioned fireplace that will accommodate a large log.

The outside is rustic finish and the inside is ceiled entirely with wood, there being no plaster in the house whatever.

ECHO OF CONEY ISLAND IN COURT

Wolf Baron's castles in the air and cottages at Coney Island were costly affairs to the Santa Rosa Lumber Company's branch at Boyes Springs, as the mechanic's lien suit for \$15,019, now on trial, goes to prove. The action involves material, labor and equipment furnished by the lumber company to build the 24 attractive summer cottages which were a part of a scheme to make the Baron property at Verano the Coney Island of the West. The pleasure park "blew up" when Baron, a San Francisco tailor, went through bankruptcy, doing many creditors out of money which they should have had for material, labor and supplies furnished while Coney Island was under construction.

The lumber company, one of the heaviest creditors, is seeking redress in the courts under the mechanic's lien act, and the trial is expected to bring out many high lights in the meteoric career of Baron, who went back to his ladies' tailoring business in San Francisco after his flyer here in the amusement park game.

Dairy Cow Efficient Food Producer

Properly built stalls cut down work and bacteria.

With increasing rentals and values of farm lands, dairy farming is rapidly replacing other types of live stock farming. A dairy cow producing 8,000 pounds of milk a year furnishes 1,000 pounds of dry matter, all of which is edible and digestible. A two year old steer weighing between 1,200 and 1,300 pounds furnishes about 550 pounds of dry matter, not all of which can be used for food. In other words a fairly good producing dairy cow furnishes twice as much edible dry matter in one year as a good two year old steer when he is killed for meat. A cow can be kept for additional years of service, while to replace the steer, another animal must be fed for a period of two years.

The United States consumption of milk per capita has increased from 42 gallons of whole milk in 1918 to more than 54 gallons in 1923.

With growing acceptance of milk as a food has come an increasing knowledge of the proper care of milk on the farm. Because odors from foods and animals in the cow stable are easily taken up by milk, injuring its flavor, they must not come in contact with the milk. Removal of the milk from the stable as soon as possible reduces the amount of dust and dirt entering it and keeps down the bacterial growth in the milk.

Bacteria increase rapidly in warm milk causing it to sour quickly. Removal of the animal heat from freshly drawn milk by lowering the temperature to that of cold well water (approximately 60° F.), greatly aids in preventing bacterial growth. A well lighted, well ventilated milk house, not too close to the stable, is also very helpful.

Cleanliness in the stable is vitally necessary. The stall platform should be just long enough for the cow to stand comfortably without room to spare; otherwise, the cow will become dirty from droppings when she lies down. The gutter should

Copyright 1925 News Bureau of Animal Husbandry

be wide and deep. A good gutter is 16 inches to 18 inches in width and 9 or 10 inches below the platform. Bedding should be clean and plentiful.

Long hair on the flanks, udders and tail above the switch of the dairy cow should be removed at regular intervals. Removing this long hair removes the clinging places of dirt which otherwise will fall into the milk pail in quantities. Keeping the hair short on these parts of the cow permits cleaning in much less time and more thoroughly. Brushing should never be neglected. It removes loose particles sticking to the body. When the hair is short, wiping the udders with a damp cloth just before milking, is an easy and important aid in securing clean milk.

It is generally recognized that most of the bacteria found in milk finds its source in dirt clinging to the cow and dropping into the pail during milking time. Simple precautions will practically eliminate this source of bacterial growth and dairymen find themselves well repaid for the little time necessary in taking such precautions.

That evening there was a fine meeting at the Sonoma high school. Those who went to Santa Rosa were Mesdames Ralph Murphy, C. C. Bean, W. W. Hall and H. Duffin.

Congressman Lea spoke on recent child welfare legislation.

Mrs. Bean arranged for the fine meeting here in the evening when addresses by Mrs. Cardiff, vice president of the state federation, and Mrs. Riley of Santa Rosa were enjoyed. The auditorium was attractively decorated. There was music by the school orchestra and light refreshments.

The talks were inspiring and instructive, voicing the need of closer bond between home and school and setting forth the objectives and accomplishments of the P. T. A.

SCHELLVILLE GIRL

IS TAKEN BY DEATH

Goldie Solen, only daughter of Mr. and Mrs. H. E. Solen, passed away this week following an illness of two weeks with diphtheria. The little girl was the sunshine of the home. She will be greatly missed by her parents, brothers and other relatives, besides the friends whom she made by her sweet and winsome personality. She was a bright child with every promise for the future. Her untimely death has saddened the neighborhood. The funeral was in San Francisco.

WILL SUBMIT TO A

CATARACT OPERATION

Mrs. Olga Gordenker, prominent Glen Ellen woman, is shortly to undergo an operation for a cataract on one of her eyes. Dr. Barkan of San Francisco will perform the operation. Mrs. Gordenker's many friends will hope for the complete restoration of her sight, as she is a great reader, a lover of good books and student of social and economical questions, to whom normal eyesight is indispensable.

Mrs. Gordenker is a pioneer of Glen Ellen, having taken up government land there many years ago when good claims were available. The Gordenker ranch is nicely improved and yields good crops each year.

NEW MANAGER FOR LUMBER COMPANY

E. O. Brewster of Santa Cruz has come to Sonoma Valley to reside and to take charge of the Boyes Springs Lumber Company as manager. He succeeds Horace Greene, who has retired from the business and will devote his attention to the Woodleaf Store.

Mr. and Mrs. Brewster already like the Springs and are pleased with the business outlook here in the Valley of the Moon.

OLD RESIDENT IS BACK FROM TRIP

J. B. Morris, one of Sonoma Valley's oldest pioneer residents, has returned from a six weeks visit with relatives and friends in Sacramento, Woodland and Stockton. Mr. Morris spent some time at Sacramento, going there during the state fair as a guest of his daughter, Mrs. Harry Lutgens, wife of the Governor's secretary.

had claimed as his bride Miss Louise Larsen of Schellville, the marriage party and guests were motoring on the highway to Santa Rosa when a speed cop halted the party, consisting of five cars, near Agua Caliente, and advised them to appear before Judge Small at Sonoma. When the party was halted, the pretty bride wanted to know what it was all about. Charles Danielli, brother of the groom and best man, protested the innocence of the party, but the cop was adamant. This was Joe's first trouble on the stormy sea of matrimony.

Dan McCarthy and son and Bill Kabler were attending the football game Saturday at Santa Rosa.

Pete Yenni, Sonoma capitalist and business man, took the local S. P. rattler for Sacramento on last Sunday morning.

Ben Tapin, aged 17, walked away from the State Home at Eldridge on last Saturday. Officials of the Home notified officers of the escape of the youth.

Mrs. A. Marzan of Riverside Drive has returned from Oakland after a pleasant visit with relatives there.

Pat Burns, veteran S. P. engineer, spent Sunday with his wife at their home at Verano.

Captain Tullett, proprietor of the El Verano Villa, was a business visitor in San Francisco the latter part of the week.

Mrs. Jack Main of San Francisco spent the week end with her husband, a Verano resort owner.

Mike Riddle, veteran S. P. brakeman, died at Santa Rosa early Tuesday morning. Mr. Riddle had been ailing for some time and two years ago suffered a stroke which confined him to his bed until his death. Mike Riddle was the first brakeman to make the run on the Santa Rosa branch after its completion 30 years ago. He was pensioned by the company several years ago and has been living with a daughter in Santa Rosa. Deceased was about 82 years of age and a lifetime employee of the S. P. His many friends at El Verano and along the line regret his death.

R. L. Crowder, formerly station agent at Kenwood, was found dead in his bed at the S. P. station at Yountville, of which he was agent, Monday morning. A freight crew, which forced an entrance into his room while investigating, found he had shot himself in the head with a rifle. Crowder was an overseas man and the rash deed is attributed to shell shock sustained while in France. He was not married and leaves a mother and brother in San Francisco.

John Clements, Sr., former El Verano resident, spent Sunday here. Mr. Clements now lives in San Francisco. The new winter schedule of the San Rafael and Sonoma Valley auto

stage line, operated by Valente and Stuermer, went into effect Monday. Four round trips daily and six round trips Sunday will be made during the winter months. This line carries many visitors to and from Sonoma Valley and is giving good service which is appreciated by the traveling public.

J. Signorelli, local vineyardist, has purchased a new Nash sedan.

Willie Locarnini, Star car agent, accepted an invitation to a party in San Francisco last Saturday evening, returning Monday evening. He reports a fine time. A high jinks featured the evening and our local native tells the writer he sampled some of the best grape juice ever served since old Volstead tried, but failed, to put the good old U. S. A. dry.

Sheriff Joe Ryan and Deputy Shulte of Santa Rosa were in El Verano Saturday evening. Accompanied by Deputy Sheriff Mullen, the officers went to Sonoma, where they arrested Bill Groves, former convict, charged with threatening the life of Miss Catherine Laurenzi, Sonoma woman. He was lodged in the county jail in default of \$1000 bail. Groves is the coon who some time ago walked away from former Deputy Sheriff Robinson, escaping while he and the officer were riding in a street car in San Francisco. He is said to be a hard hombre.

Louis Parente, owner of the Tavern at Verano, was a visitor here Sunday. He intends to come here the first of the year and take personal charge of his Verano hotel and summer resort, which is one of the most picturesque spots in the valley. Parente is also contemplating many improvements in and around the hotel.

A garage, the property of J. A. Jensen, Tule Vista, burned last Sunday morning at 3 a. m. The cause of the blaze is unknown.

Tom Connors, S. P. roadmaster, and his assistant, were looking over railroad matters on the Santa Rosa branch Tuesday.

VALLEJO-SEARS POINT NOW TO BE BRIDGED

The Board of Supervisors of Solano county has announced its intention of granting a franchise to A. O. Stewart, San Francisco broker, to build two toll bridges, one across Napa River and one across Sonoma River, in connecting Vallejo with the Santa Rosa-San Francisco highway at Sears Point.

Stewart, with Assemblyman Robert McPherson of Vallejo and Attorney Dudley Sales and Joseph M. Raines, presented the plans to the board. They said the construction of the bridges would be of no cost to the county, the approximate cost of the two to be about \$800,000.

The plans will be sent to W. M. McClure, state engineer, for approval and after approval by the United States War Department the board will grant the franchise. Stewart is president of the Golden Gate Ferry Company.

Applications of Sonoma county grape growers for permits to make wine this season will be considered by two representatives of the California prohibition force, who will be at the offices of Price and Silvershield in Santa Rosa the last of this week, according to an announcement made by Walter F. Price.

Growers who have grapes unfit to be shipped because of recent weather conditions, by crushing them may salvage their crops. Price pointed out. The presence of the two prohibition authorities will assure prompt action upon any application for the manufacture of wine. The two agents will be under Colonel Ned Green of San Francisco, prohibition enforcement director. The office at Santa Rosa will be kept open as long as it is needed.

INTERESTING ACCOUNT OF LIFE IN WASHINGTON

"Women in congress have not been as much of a success as the women of America would like them to be," said Mrs. Clarence F. Lea, wife of Congressman Lea when she chose eight years in charming, lovely, gay Washington, the seat of national and social affairs, as the subject of her talk at the annual guest day of the Philomath Club held at the home of Mrs. W. L. Stone in Santa Rosa.

The Leas first went to the slow, easy going southern city at the opening of the world war, and it has been Mrs. Lea's privilege to attend all the important debates in congress and to meet and know many leading diplomats of the world, and topped with experiences of the summer spent in Europe. Mrs. Lea, in her own modest, retiring way, gave a clear impression of her life in Washington and abroad.

Naturally, women are interested in women, and Mrs. Lea gave her personal impressions of various women members of congress and of women known in public life.

"Mrs. Nicholas Longworth, better known as Alice Roosevelt Longworth, probably knows more of public affairs than any other woman in Washington," said Mrs. Lea. "Daily she may be seen in the gallery of the lower house, sitting with her hat off."

"Of the presidents and their wives, the Hardings proved to be the most charming who have been in the White House. Both were cordial and easy to meet."

"Mrs. Coolidge is bouyant, friendly and delightful to meet, but the President is quiet, retiring and seems bored when in large groups."

"Of the women members of Congress, Mrs. Hauck of Illinois, who succeeded her father, Uncle Billy Mason, is the most radical, following out his ideas; Alice Robinson gives promise of the best material; May Nolan of San Francisco recognizes her limitations and abides by them; and the new members, Mrs. Julius Kahn of San Francisco, who succeeds her husband, and Mrs. Roger Morton give promise of good material."

"Women have not had the experience in public affairs, they are not prepared or educated to take part in politics, but they are fast becoming informed on the issues of the day and are taking their place in the political world."

AGENT'S POSITIONS OPEN FOR WOMEN

College women and social service workers, who wish to assist in the enforcement of the minimum wage law and in the betterment of working conditions for women, will be interested in an examination which the State Department of Civil Service is to give in October, for the position of agent for the Industrial Welfare Commission. Inquiries regarding the examination should be addressed at once to the State Department of Civil Service, Forum Building, Sacramento.
